Nomad Wine Importers Ltd was created in 2007 by two sommeliers, Thierry Grillet (Restaurant Girardet, Switzerland) and Charles Derain (Restaurant Patrick Guilbaud, Ireland). It is regarded as one of the leading sources in Ireland for fine burgundy wines. We travel to Burgundy each year to taste the new vintages and to meet our producers. As a result, we have a good knowledge of the vineyard, the growers and the wines themselves. We have selected our producers carefully and we are always looking for wines that have lots of precision and definition.

Our selection can be found at Table 1, wines 1 – 26

Vinostito is Rafa and Antonio, and we are an Irish company that distributes the finest wines from around Europe to the Irish market. When we first started, we focussed on having a strong Spanish portfolio and now, ten years later, we focus also on Austria, France, Italy and Portugal. We have a deep passion for the world of wine. We endeavour to discover new wineries and regions to find the qualities of the best producers in Europe. Our world revolves around wine, and from here we have found a fabulous universe of people enjoying what they do! We are ready to share this world with you.

Our selection can be found at Table 2, wines 27 – 56

GRAPECIRCUS

T: +353 87 131 4338

Contact: Enrico Fantasia

For more than a decade GrapeCircus has imported and distributed Italian wine, and few also from other European regions. Our wines are wines with character, personality and with a true sense of origin. A dynamic, ever-changing selection made by passionate people with respect for nature and environment, and that express terroir and tradition. Our only rule? We only list wines that we like to drink!

Our selection can be found at Table 3, wines 57 – 87

Contact: Ben Mason

WineMason sells original and distinctive wines from Germany, Portugal, Austria, Spain, France, Italy and South Africa. We dig deep to find not only some of the best but also up and coming producers. Constantly learning about the changing world of wine we reflect this in the wines we sell – from emerging wine regions, discovering the potential of local grape varieties and new and different styles. At WineMason we don't believe there is one formula for great wine, we want to drink wines which have personality, authenticity and creativity. Our 2016 list is our best and most exciting to date.

Our selection can be found at Table 4, wines 88 – 114

Set up in 1999, Le Caveau specialises in importing artisan wines, sourced directly from small, family-operated vineyards from around the world. The wines we love and promote truly reflect their region of origin and their terroir, they deliver the right balance of purity, natural freshness and drinkability (and dare we say, digestibility!) To achieve this, our winegrowers cannot cut corners, they adopt sustainable work ethic in the vineyards and 'light hand' approach in the winery.

Our selection can be found at Table 5, wines 115 – 144
